## EXPLODING KITTEN 6 CARDS

You must show this card immediately. Unless you can play a Defuse, you're dead. When you die, put the Kitten that killed you face up in front of you so everyone can see that you're dead, and put the rest of your cards face down in front of you.

## DEFUSE 8 CARDS

If you drew an Exploding Kitten, you can play this card instead of dying. Place your Defuse in the Discard Pile.

Then take the Exploding Kitten, and without reordering or viewing the other cards, secretly put it back in the Draw Pile anywhere you'd like.

Your turn is over after playing this card.

*Want to hurt the player right after you? Put the Kitten right on top of the deck. If you'd like, hold the deck under the table so that no one else can see where you put it.*

## IMPLODING KITTEN 4 CARDS

When this card is drawn, put it back into the Draw Pile FACE UP anywhere you'd like in secret. Do not use a Defuse. The card has a white border, so when it's face up everyone can see it coming.

When you have no choice but to draw this card face up, you immediately die. This card cannot be Defused nor can it be Noped.

When the Imploding Kitten kills you, put it face up in front of you so everyone can see that you're dead, and put the rest of your cards face down in front of you.

*If there is an Imploding Kitten face up on top of the deck and you play a Shuffle, shuffle the deck under the table so that you will have a chance of being unlucky and shuffling the Imploding Kitten back to the top of the deck without realizing it.*

## STREAKING KITTEN

*The Streaking Kitten does not allow you to hold an Imploding Kitten in your hand.*

## BARKING KITTEN 2 CARDS

Place this card face up in front of you and ask for the other Barking Kitten. If any player has it, they are your target and must play a Defuse or explode. Discard both Barking Kittens at the end of the turn.

If no one has the other Barking Kitten, leave the card face up in front of you. (You cannot play it again, and it is not part of your hand.) When someone plays the other Barking Kitten, you are their target and you must play a Defuse or explode.

If you get both Barking Kittens (even if you've already played one), play them together and pick any player as your target.

It is still your turn after playing this card(s).

Like all Kittens, Barking Kittens cannot be Noped.

IMPORTANT: Unlike a normal Defuse event, when the target of a Barking Kitten plays a Defuse, they do not get to put a card back into the Draw Pile.

*These two cards are like a game of chicken. If you have one and think someone else has the other one, play it quickly to make them explode. But if you're wrong and no one has the other one yet, you're turning yourself into a target!*

## STREAKING KITTEN 1 CARD

While this card is in your hand, you can also secretly hold 1 Exploding Kitten without exploding.

BUT...

*If the Streaking Kitten leaves your hand for any reason, the Exploding Kitten in your hand will explode. You must defuse it or die.*

*If another player steals or receives an Exploding Kitten from your hand, they explode. They must defuse it or die.*

*If you take any action causing you to play an Exploding Kitten from your hand into the Discard Pile, you explode. You must defuse it or die.*

## IMPLODING KITTEN

*The Streaking Kitten does not allow you to hold an Imploding Kitten in your hand.*

## SEE THE FUTURE (3X) 6 CARDS

Privately view the top 3 cards from the Draw Pile and put them back in the same order. Don't show the cards to the other players.

## SEE THE FUTURE (5X) 3 CARDS

Privately view the top 5 cards from the Draw Pile and put them back in the same order. Don't show the cards to the other players.

## ALTER THE FUTURE (3X) 3 CARDS

Privately view the top 3 cards from the Draw Pile and rearrange them in any order you'd like. Return them to the top of the Draw Pile face down. Don't show the cards to the other players.

## ALTER THE FUTURE (3X) NOW 2 CARDS

Privately view the top 3 cards from the Draw Pile and rearrange them in any order you'd like. Return them to the top of the Draw Pile face down. Don't show the cards to the other players.

**NOW:** You can play this card at any time before an action has begun, even if it is not your turn.

*"NOW" means you can play this card even when it's not your turn. Is someone about to draw a card? Alter the Future Now. Did they just See the Future? Alter the Future Now, before they draw.*

*However, you can't play it in the middle of an action (like WHILE someone is shuffling the deck).*

## SHARE THE FUTURE (3X) 4 CARDS

Privately view the top 3 cards from the Draw Pile and rearrange them in any order you'd like. Show these cards to the next player before returning them to the top of the Draw Pile face down. Don't show the cards to any of the other players.

## MARK 4 CARDS

Pick a target player. Randomly pick one of their cards and "Mark" it by returning the card to their hand facing out to the other players. The card is still part of their hand (and they can look at it), but it must stay Marked until it is played or stolen.

If a Marked card leaves their hand for any reason, it doesn't stay Marked.

## CAT CARDS 4 OF EACH

These cards are powerless on their own, but if you collect any 2 matching Cat Cards, you can play them as a pair to steal a **random** card from any player.

They can also be used in Special Combos. (See the rules for more details.)

## FERAL CAT 6 CARDS

Use as any Cat Card. This card **cannot** be used as a non-Cat Card (Shuffle, Attack, etc.)

## SHUFFLE 5 CARDS

Randomly shuffle the Draw Pile so that no one knows the order of the cards.

## GARBAGE COLLECTION 2 CARDS

Every player who has cards (including the player who played this card) must choose 1 card from their hand to secretly insert into the Draw Pile. Then, shuffle the Draw Pile so that no one knows the order of the cards.

## SWAP TOP AND BOTTOM 3 CARDS

Swap the top and bottom cards of the Draw Pile without looking at the cards.

## DRAW FROM THE BOTTOM 3 CARDS

End your turn by drawing the bottom card from the Draw Pile.

## ATTACK (2X) 6 CARDS

End your turn without drawing a card, and immediately force the next player to take 2 turns in a row. If the victim of an Attack plays this card on any of their turns, the attacks "stack" and their turns are immediately transferred to the card's victim, who must take the Attacker's current and remaining untaken turn(s) PLUS 2 additional turns.

## PERSONAL ATTACK (3X) 4 CARDS

This Attack is played on yourself. Immediately take 3 turns in a row. Continue taking your current turn as normal, then when that turn is over, it's your turn 2 more times. If the victim of an Attack plays any type of Attack on any of their turns (Attack, Personal Attack, or Targeted Attack), the Attacks "stack." (See the "Attack" rules for more details.)

## TARGETED ATTACK (2X) 4 CARDS

End your turn without drawing a card, and immediately choose any other player to take 2 turns in a row. Play then continues from the attacked player. If the victim of an Attack plays any type of Attack on any of their turns (Attack, Personal Attack, or Targeted Attack) the Attacks "stack." (See the "Attack" rules for more details.)

## SKIP 5 CARDS

Immediately end your turn without drawing a card.

## SUPER SKIP 2 CARDS

Immediately end your turn without drawing a card. If you're supposed to take multiple turns, end them all.

## REVERSE 5 CARDS

Reverse the order of play and end your turn without drawing a card.

If there are only 2 players, this card acts like a Skip Card.

## I'LL TAKE THAT 4 CARDS

Play this card face up in front of another player. The next time they draw a card, they must secretly view and hand it to you, and then put the I'll Take That in the Discard Pile.

If they hand you an Exploding Kitten, you must Defuse it or explode. Play continues as if that player had drawn a card and ended their turn.

You cannot play this card in front of a player who already has one in front of them.

## CATOMIC BOMB 1 CARD

Remove all the Exploding Kittens from the Draw Pile so that everyone can see them. Then shuffle the Draw Pile so that no one knows the order of the cards. Finally, return all the Exploding Kittens face down on top.

This ends your turn without drawing a card.

## IMPLoding KITTEN

If you are playing with an Imploding Kittens Card, do not remove the Imploding Kitten when you remove the Exploding Kittens.

## BURY 4 CARDS

Play this card, then end your turn by drawing a card. After looking at it, put it back into the Draw Pile anywhere you'd like in secret.

This is great if you're SURE the top card in the Draw Pile is an Exploding Kitten; not so great if you were wrong.

You cannot play this card if you have an I'll Take That in front of you.

## IMPLoding KITTEN

When BURY is played on an Imploding Kitten, leave the Imploding Kitten in the orientation you drew it (face up or face down) when putting it back into the Draw Pile.

## NOPE 8 CARDS

Stop any action except for an Exploding Kitten or a Defuse. It's as if the card beneath a Nope never existed.

You can also play a Nope on another Nope to negate it and create a Yup, and so on.

You can play a Nope at any time before an action has begun, even if it's not your turn. Any cards that have been Noped are lost. Leave them in the Discard Pile.

You can even play a Nope on a Special Combo. (See the rules for combo rules.)
